The purpose of an assignment is to ensure that the Student is able to:

- Use methods of enquiry and research in a disciplined field.
- Interpret and evaluate text.

- Have a sound understanding of key principles and theories, rules and awareness.
- Solve unfamiliar problems using correct procedures as well as investigate and critically analyze information and report thereof.
- Present and communicate information reliably and coherently.

Instructions and guidelines for writing assignments

1. Use the correct cover page provided by the institution.
2. All essay type assignments must include the following:
   2.1. Table of contents
   2.2. Introduction
   2.3. Main body with subheadings
   2.4. Conclusions and recommendations
   2.5. Bibliography
3. The length of the entire assignment must have minimum of 5 pages. Typed with font size 12 Calibri
4. **The quality of work submitted is more important than the number of assigned pages.**
5. Copying is a serious offence which attracts a severe penalty and must be avoided at all costs. If any student transgresses this rule, the lecturer will retain the assignments and ask the affected students to resubmit a new assignment which will be capped at 50%.
6. Use the Harvard referencing method.
7. ***Please note that these guidelines are not applicable to quantitative subjects like Accounting and Statistics.***
